M. L. Hayman Carries \$22,000 in Stakes and Purses Away From the Crescent City-Corrigan's Latest Views-Columbia May Have Sanford as Coach Again.

he departure of horsemen and thorough-The departure of horsemen and thorouga-breds from New Orleans for Bennings and the local tracks began yesterday and will continue all the week. Although purses at the two New Orleans tracks are more valu-able than those offered by the Washington Jockey Club, owners the large and forcess much easier to secure the large end of purses at Bennings than at the Crescent City. M. 1. Hayman is the leading winning owner at New Orleans. He will take away with to bim as a result of the winter race meeting to close to \$22,000. This is the largest amount ever won by a single owner at the Crescent City track. The hon's share Hayman won on Right Royal's victory in the Derby on Saturday, which was worth \$7,165. Other good winners for Hayman were Leonard Joe Hayman, Garnish and Rapid Water. Rapid Water, in addition to winning purses,

Rapid Water, in addition to winning purses, proved very profitable to Hayman, as he sold nim to L. E. Smathers for nearly \$1,000 more than he paid for the colt at the sale of John A. Brake's horses last fall.

C. J. Fitzgerald will wind up his duties as starter at the Croscout City track on Saturday and will come North without delay to assume his new duties as general manager of the Brighton Beach Racing Association, Mr. Fitzgerald's sturting all winter has been of his work a number of turfmen recently presented him with a loving cup suitably inscribed. For tea years Mr. Fitzgerald has done the starting at the Crescent City track and his retirement from that position is generally regreted. The Louisiana Jockey Club is conducting the racing at the Crescent. City track this week, but after next Saturday the sport will continue until April 15 under the old auspices. William Mürray will handle the barrier after Mr. Fitzgerald resigns. Under the present plan there will be a daily conflict between the rival New Orleans tracks up to the date named above,

Edward Corrigan says the Western Jockey Club is not enforcing the outlaw rule, as M. L. Hayman and J. Phillips have been racing their horses at both New Orleans racing their horses at both New Orleans tracks unmolested. Corrigan 'says that Barney Schreiber and Jim Williams will race hereafter on the American Turf Association tracks, and that, despite the adverse legislation in Mis-our, there will be spring meetings at Kansas City and Union Park, St. Louis, as the new law does not go into effect until after those scheduled affairs are over. Corrigan is somewhat annoved, however, over the action of the California Jockey Ciub in declaring that horsemen outlawed by the Western Jockey Club will be barred from the tracks on the coast.

Seven winners of the Suburban Handica Seven winners of the Suburban Handleap are now doing stud duty in Kentucky. They are Troubadour, Salvator, Henry of Navarre, Ben Brush, Kinley Mack, Alcedo and Gold Heels. Troubadour is the oldest, having won the big race as a four-year-old in 1888. Salvator is the next, having captured the Suburban as a four-year-old in 1890. Henry of Navarre won it as a four-year-old in 1898. Ben Brush was the same are when he proved. of Navarre won it as a four-year-old in 1898. Ben Brush was the same age when he proved the victor, in 1897, as were also Kinley Mack, Alcedo and Gold Heeis when they won in 1900, 1901 and 1902, respectively. Imp. the only mare that ever won the Suburban, is also in the stud in Kentucky. She was a five-year-old when she won it, in 1899. Two horses that ran second in the rich event are also in the Blue Grass State, namely, Sir Walter and Ethelbert, while Lamplighter, who was third twice, and Tenuy, Oxden and Blues, also third at different times, are in the stud there too. Dethi is probably the highest type of horse yet sired by a Suburban winner.

15, 1902.

Since the two year agreement was adopted, in 1903, Yale has won both annual football games, both varsity eight-oared races on the Thames, the dual track meets and the freshman boat races. Each university has won a four oared race and a freshman football game. Harvard has won both annual baseball series and three out of the four freshman baseball games. Yale has, therefore, captured three-fourths of the annual series.

Charley Comiskey, the old warhorse who owns the Chicago American League team, discusses the war in the Far East in this novel way: I am the original Jap sympathizer because they are learning to play haseball. But I am beginning to think the Ressians have never had an even break. That man Kuropatkin is a fright. The Japs are onto their jobs. You don't hear anything about their trying to capture him, do you? Perhaps it is because they know Russia could not find a worse General to put against them. All he has done so far is to build a lot of breastworks and then start running for home. He tires his soldiers allout building defences and they haven't anything left to defend them with. How would 1 look if I kept my players up all night, polishing bats and practising spit balls? They would be all in when they met the other teams, would they not? You don't see the Japs making any desperate sacrifices to get between Karopatkin and St. Petersburg, do yon? They are wise to the fact that the only time he would put up a real stiff fight would be when he is making a bome run. By letting him keep on running at his leisure they will put the whole side out before he an score at St. Petersburg, and then he is likely to be put on the bench for life. Stoessel must have known that Kuropatkin would run the bases the wrong way when he surrendered Port Arthur. Kury is a minor learner. RACING AT NEW ORLEANS. Favorites Have a Hard Time in a Dull Day's Sport.

NEW ORLEANS, March 13.—The programme that was offered by the New Louisiana Jockey Club for the opening day of the spring meeting at the Fair Grounds did not bring out any of the crack thoroughbreds that are racing here. The fields in the seven races were made up of some of the poorest materia, at the course. The track was in poor shape and only eighteen bookmakers drew. With no special attraction on the card the crowd consequently was rather slim.

Plunger Ellison shipped his stable to Memphis to-day. Sam Hildreth also sent some of his horses to Montgomery Park.

The announcement was made to-day that

the special meeting of the Western Jockey Club, which was scheduled to be held in Hot Springs, has been postponed until Thursday and that additional dates would be allotted to both the New Orleans and Hot Springs tracks to carry or the fight against the American Turf Association.

There was nothing to enthuse over in the races. It was by far the dullest day's racing of the winter and favorites had a hard time.

First Race-Sit Orleans, Charlle Fisher, the

CHANGE IN HARVARD'S TRAINERS. John Graham, Who Is III, Will Be Succeeded

it to renew itself, it is said. The agreement is as follows:

"The unifersities herewith enter into an agreement for contests in the four main branches of sport, football, baseball, rowing and track athleties, under the following conditions: The agreement is to continue for two years and thereafter to continue for successive two year periods, except upon notice to the contrary by properly constituted authorities not less than si, weeks before the termination of the previous period of two years. The agreement is to take effect March 15, 1903.

Since the two year agreement was adopted in 1903, Yale has won both annual football games, both varsity eight oared races on the Thames, the dual track meets and the freshman boat races. Each university has won a four oared race and a freshman football game. Harvard has won both annual baseball game, Yale has, therefore, captured the second with, president of the club, and the sub with, president of the club, and the second with, preside

of the bay, past Block Island, to and around the black buoy on Great Eastern Rock, about one and a half miles east of Montauk Point, and then back to the clubhouse, a distance of about ninety-five miles.

The race is to be sailed under the rules of the Bristol club. Yachts are to be measured for length without the crew on board, and time allowance will be figured according to the Herreshoff table. In addition to this allowance, boats of an old fashioned type and cruising boats will get an arbitrary allowance which will put them on an equal footing with the more modern craft. The first prize will be the Bristol-Montauk cup, and there will be the Bristol-Montauk cup, and there will be other prizes according to the number of starters. This is an open race, and yachts enrolled in any yacht club can enter.
